A Dream that a prophetic educationist visualized

Late Karmaveer Bhausaheb Hiray

A prophetic Educationist Karmaveer Bhausaheb Hiray dreamed of providing meaningful education to the tribal, downtrodden, backward and under privileged community with the purpose of social upliftment, reformation and welfare of the society.

To fulfil this dream he worked with missionary zeal to create higher moral and humanitarian values among students and develop the social environment for attaining high ethical standards. Hence we promote the all round development of the students by organizing extra curricular activities along with the curriculum of the university.

We efficiently impart knowledge and inculcate virtues such as dignity of labour, work ethics and commitment to the society.

In order to expand the educational network in rural realm, Karmaveer Bhausaheb Hiray had a dream to establish a university for rural students. His vision to create ideal citizens is our chief mission and we strive towards the fulfilment of his aspirations, longing and hopes.
