Report

Study Tour to Nandur Madhmeshwar Bird Sanctuary, Niphad Dist-Nashik , Maharashtra.

Date: 23.10.2018

Department of Zoology, S.P.H. Mahila Mahavidyalaya has conducted study tour to Nandur Madhmeshwar Bird Sanctuary, Niphad for SY and TY. Bsc Zoology students on 20th October 2018. Twenty Five Students accompanied with Four teachers were visited.

Nandur Madhmeshwar Bird Sanctuary is located at Niphad Tehsil of Nashik District, known as the Bharatpur of Maharashtra. It is designated as Ramsar Site and it's a Maharashtra's first Ramsar site. A stone pickup is constructed across river Godavari at Nandur Madhyameshwar. This resulted into the formation of rich environment for biological diversity. Many species of plants like Babul, Tamarind, Neem, Jamun, Vilayati, Maharukh, Pangara, Mango, Eucalyptus, are found here, also some aquatic plant species are available

The main objective of study tour was to make students aware of the different features of birds like different types of beaks, feathers, legs. It was also expected that the students should get the experiential knowledge of these features of birds and they can see and observe the different types of birds

During this Tour students observed the different types of birds like colorful parrots, ducks, ostrich. They also observed different colorful fishes and their features. They also saw food of that birds eat and the type of nest where they live. They realized the functions of their each body parts. Students understood that how they take care of these birds and what

type of food they provide to the birds. It was an unique experience for the students to learn about different features of birds by visiting the bird sanctuary.

After seeing the birds, students were happy to see these birds. This experience was memorable for the students as they practically observed the different features of the birds. They enjoyed this Study tour. The tour was coordinated by Smt. N.S.Desale, Head, Department of Zoology and faculty members.
