REPORT ON WATER PURIFICATION PLANT VISIT

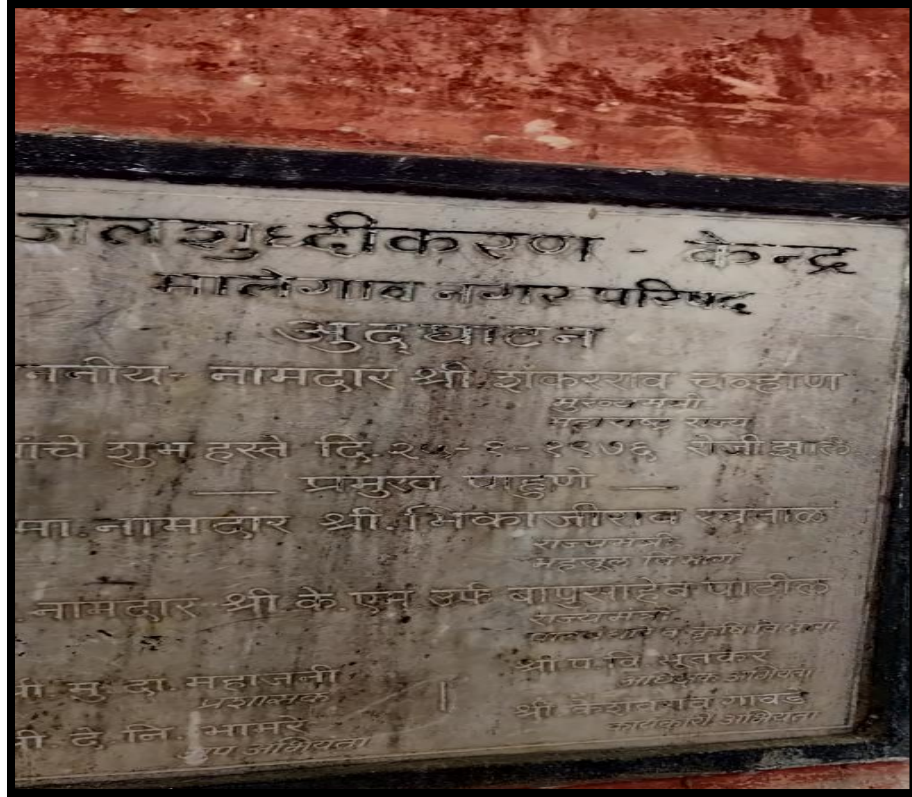

Department of Zoology, Smt. Pushpatai Hiray Arts, Science and Commerce Mahila Mahavidyalaya, Malegaon Camp Dist. Nashik has organized Field visit to Water Purification Plant on dated 20/01/2020 at Malegaon as a part of T.Y. B.Sc-Zoology studies. Fifty students joined the visit under the guidance of faculty Prof N.S. Desale, Head, Department of Zoology and faculty Dr. T.A. Sontakke, Prof. S.J. Salunke and P.M. Pawar.

The main objective to organize this visit was to make students aware how water filter plants remove the chemicals, particulates, organic materials as well as other debris from the water and treat the water resulting in clean and potable water that can be used for cooking, cleaning. Staff member Mr. Patil explained well about the structure and working of the water purification plant and offered us a visit to the concerned areas. Students got an excellent benefit by visiting the biggest water purification plant in Malegaon with a capacity from present 18 million liters per day (MLD) to 24 million .

Water plays a very important role in human life, whether for daily routine purpose or human health. This field visit gave Students, the knowledge about the purification of water on large scale and made aware about the quality of water since it may affect the human health especially. Also the trip made Student to realized that it is not easy to supply the water directly from the main supply to the people. Thus, thanks to the responsible party and the workers who invested in this project to ensure the health and convenience of the people in Malegaon .
