National webinar on applications of mathematics in daily life was organised by IQAC and department of mathematics on 29th of October 2020 at 11:30 a.m. Dr. Prashant Dongle, Head Department of Mathematics, Seth Keshrimal Porwal Arts, Science and Commerce College, Kamptee, Nagpur, was invited as a resource person for this webinar. In his talk Dr Prashant Dongle stated that how various branches of mathematics are used in our daily life. Also so he explained applications of mathematics in our daily life by giving various examples.

Total 195 participants attended this webinar from all over the country. One student mister Aditya Patil from Australia also participated to grace the occasion. Principal Dr. U. S. Deore, Dr. D. G. Jadhav, Vice Principal, Dr. D. A. Pawar, academic supervisor, Dr. D. K. Borse, IQAC coordinator, head of all departments, faculty members, office staff and students participated in this webinar.

Principal Dr. U. S. Deore welcomed the resource person and all participants and delivered welcome speech. Dr. D. G. Jadhav gave brief introduction of the webinar. Prof. Smt. S. R. Joshi introduce the resource person. Dr. A. P. Bhadane, Head Department of Mathematics, L.

V. H. College, Panchvati Nashik and Aditya Patil, Australia expressed their views about the webinar.

Dr. P. A. Survashe proposed vote of thanks and declare the conclusion of the webinar with permission of convener and Principal Dr. U. S. Deore Madam Prof. Saima Firdous anchored the overall program.

MATHEMATICS

❖ Mathematics is the abstract science of number, quantity, and space, either as abstract concepts (pure mathematics), or as applied to other disciplines such as physics and engineering (applied mathematics).

MATHEMATICS IN EVERYDAY LIFE

❖ Cell Phones

Mathematics has played an increasingly large role in the development of new technologies. That's because scientists exploit physics phenomena to construct devices and to make them work properly, and physics phenomena ARE ALL DESCRIBED MATHEMATICALLY.

Cell phones in particular operate by principles of **ELECTROMAGNETICS**.

"Do not worry about your difficulties in mathematics; I can assure you that mine are still greater."

Counting, at first, may just be the mindless repetition of words – but when the association is made that a number describes a quantity then the world of mathematics begins to open doors of understanding.
