Annual E-Governance Report Approved by the Governing Body

To upgrade and accelerate the admission process with maximum students, Vriddhi Software is being used for entire Admission Process, Library, Office and Examination Section since 2010-11. Several reforms have been introduced in consultation with M. G. Vidyamandir, the Apex Body of the Institution, the College Development Committee (formerly LMC) and College Admission Committees since last few years. Library section has been totally digitized through Vriddhi. There is a numerous module with Vriddhi required for running the functioning mentioned above.

Evidence of Success:

1. Admission Process has been implemented through Vriddhi Software. Daily admission status viz. number of students admitted, according to number of faculty, class, subject, category etc. can be easily accessed. Daily account of admissions is prepared simultaneously.
2. Book transactions, student and staff visits, New Arrivals can be accessed at any time.
3. Office workings have been computerized to enable to meet the workload with minimum number of staff available. It also enhanced the speed of working.

Annual E-Governance Report Approved by the Governing Body

A review of the functioning of Vriddhi Software has been taken. All the modules of the system were found satisfactory and as per the requirements of the college. So, the College Management, with guidance from the MGV Management and Board of Trustees decided to continue the Vriddhi Software for the smooth functioning of the College system digitally. The vendor was informed to provide the updates as and when available.

Evidence of Success:

1. Admission Process has been implemented through Vriddhi Software. Daily admission status viz. number of students admitted, according to number of faculty, class, subject, category etc. can be easily accessed. Daily account of admissions is prepared simultaneously.

Annual E-Governance Report Approved by the Governing Body

The Management of M. G. Vidyamandir developed its own software, Campus 360 digitization in all the Colleges, Jr. Colleges, High Schools and even Primary Schools housed by it. The team from IT Section of the Management has developed Campus 360 for Educational Purpose. All the Staff, both teaching and non-teaching, was given a training in this regard. The software is being updated, as and how it is needed, through the suggestions and queries registered by the workforce at different places. In all, Campus 360 has replaced Vriddhi software totally. The Websites of all the Colleges, Schools are also being developed by Campus 360. Websites designing was done from outside firm, BrainMine Web Solutions Pvt. Ltd.

Link for the software: <https://hmtcampus360.net/>

A Zoom Platform Subscription

Covid-19 pandemic has its overall effect both good and bad as well. Same is true so far as education field is concerned. The worst was that schools and colleges were forced to shut down for longer time. To face the challenges of availability of online platforms and readiness of the teachers for digital learning and teaching was a serious concern. Of course, Covid- 19 acted as a catalyst in. using digital adoption in Colleges. It provided various online teaching/meeting platforms through which at least teachers would be in touch with students and establish connectivity to help them in learning and examinations also.

Online Teaching-Learning and Semester Examinations

- As online learning and examination process was totally new to students, teachers went through a number of ways.
- Teachers used online platform such as Google meet, Zoom etc. to resume teaching and examination process.
- Students also enjoyed this new mode of learning from their home just by clicking the link provided to them by their teachers.
- Following the mandatory guideline from the UGC, the University and the State Government, the college conducted online semester examinations.
- Teachers posted Examination schedule to the students via WhatsApp Groups prepared class wise.
- Students were explained the guidelines of University regarding filling examination forms, payment gateway, and question paper pattern, online examinations, do's and don'ts during the examination etc.
- The Colleges conducted National, International Webinars and Online Conferences, online quizzes etc. to utilize the pandemic period fruitfully.
- Teachers attended the same organized by other colleges and learnt new ways of confronting this situation.

Evidences of Success:

- The online academic activities helped to bridge the gap between teachers and students successfully.
- Good number of students and their active participation in interaction was encouraging.
- Although blackboard teaching is effective, online learning was helpful for the students in various respects such as saving time, money, travel which was impossible in pandemic etc.
- Students were amazed by new ways of learning e.g., PPTs, Videos, Animations etc.

Annual E-Governance Report Approved by the Governing Body

The Websites of all the Colleges, Schools are also being developed by Campus 360. Websites designing was done from outside firm, BrainMine Web Solutions Pvt. Ltd. First and foremost, thing to be worth noting is that now the Management has its own Educational -All-in-One Software. No extra expenses are to be paid. Uniform structure of Website is maintained throughout. It is successfully run at all the Units including Sr. Colleges, Jr. Colleges, High Schools and Primary Schools run by M. G. Vidyamandir. All the staffs have login address and they update their profiles through this software as it is done at the University Portal.

MPH Mahila Mahavidyalaya has also used Zoom for online teaching. All the teachers used the same not only for teaching but also for maintaining the morale of the students by counselling continuously. NEP-2020 also demands the Blended mode of teaching where these practices would be beneficial. The College has its YouTube Channel.

Evidences of Success: All the teachers could complete the syllabi in both online and offline mode as well irrespective of the worst pandemic scenario. Teachers continue using online teaching mode as is expected. Teachers use other platforms such as Google Classroom, Google Meet from their Mobile handset also to serve the purpose.
